Block Razed Outside "The Loop"

CHICAGO, March 15.—A spectacular early morning fire today destroyed a full square of business buildings just outside Chicago's "loop," or downtown district, with a loss estimated at from \$10,000,000 to \$15,000,000.

The fire started in the center of the block bounded by VanBuren, Canal and Clinton streets and West Jackson boulevard, of unknown origin, burned every structure in that area, leaped north across Jackson and wrecked the 21 story Chicago, Burlington and Quincy railroad's general office building, which also houses the Mercantile Trust and Savings Bank and, under burden of a strong wind, dipped over VanBuren street southward and burned nearly through to Harrison street.

The fire was not brought under control until nearly five o'clock, and even then firemen were fighting a dozen different fires and others broke out intermittently as the wind wafted sparks about.

One fireman was killed, another seriously injured, ten or more slightly hurt, and an unknown number of the hundred thousand spectators who thronged the burning districts slightly hurt by falling bricks, burning timbers or sparks.

The fire for a time threatened to assume virtually unlimited proportions and every piece of fire fighting apparatus within five miles, was called out in a series of ten alarms.

"The rapidity with which the fire spread was astounding," Marshal Buckley, assistant fire chief, said. "The fire actually seemed to run from us."

Blaze Of Incendiary Origin, Claimed

That the original blaze from which the conflagration grew possibly was of incendiary origin was the statement of Shirley P. High, city fire attorney, who early today announced the arrest of an unnamed man on information supplied by H. T. Schiff, president of the Confectionery Specialty Co., at 521 West Jackson Boulevard, where the fire started.

Mr. High refused to divulge the name of the man arrested, but said that he was being questioned regarding threatening letters Mr. Schiff said the man, a former employee, had sent to him. Mr. Schiff told Mr. High the man was discharged when he became incensed over refusal to permit him to purchase stock in the company and within the past two months had made a series of threats. Mr. Schiff placed his personal loss at \$50,000.

Mr. High summoned several of his aides while the fire was at its height and said an investigation would be begun immediately. He placed the total loss at from \$10,000,000 to \$15,000,000.

Traversing the main burned area, the Metropolitan west side elevated line today was seriously handicapped in delivering its thousands of patrons to the downtown district, as was the Aurora and Elgin electric line, which also used the four track structure, which was caught in the midst of the fire.

Fire Proof Building Checked Flames

The Hugh Burlington office building, called a fire-proof structure, held the fire from spreading westward, while progress of the flames toward the south was ended by the access the firemen had to the buildings—two to six stories—which begin south of VanBuren street. A vacant lot, the site of the new Union Depot, kept the fire from spreading northward.

The Chicago river runs a block east of the burned district, but would have afforded but little protection had the wind veered the sweep of the flames toward the main business section.

Heat from the burning buildings across the street, cracked out the windows of the Mercantile Trust and Savings Bank before the Burlington building itself was afire. A heavy police guard was thrown about the bank, but was driven away quickly when the building caught fire.

Cash and securities valued at approximately \$6,000,000, are said to be in the bank's vaults, and it may be several days before they can be examined.

The Burlington building caught fire at about the eighth story and burned up and down. No stream of water was powerful enough to fight the fire in the upper stories. So intense was the heat in the burning district, that the steel supports of the elevated structure could be seen at white heat.

Visible For Twenty Miles

Despite the calling out of extra policemen, a number of spectators quickly jammed the streets about the burning district. The flames, leaping high and puffed by the gusts of wind, were visible for more than twenty miles.

Guests Flee Fire In Night Clothes

Scores Escape From Windows Of Reno Hotel

RENO, NEVADA, March 15.—(By the Associated Press)—Scores of guests escaped from upper windows in their night clothes when the Riverside Hotel, the largest hotel here, was destroyed by fire early this morning.

At five o'clock the building still was a furnace and the ruins could not be searched, but a check was started to learn if any guests were missing.

No serious injuries were reported.

The fire, believed, to have started in the engine room, broke out shortly after two o'clock.

The flames spread upward quickly and the guests, aroused by the smoke, found the stairways cut off.

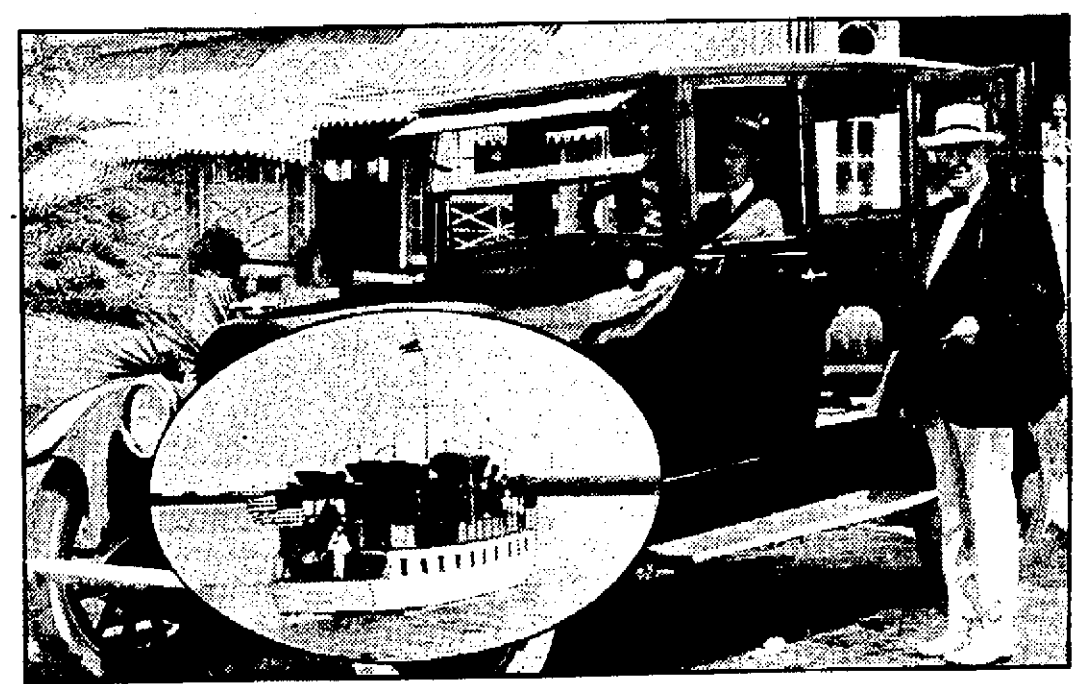

Most of them were rescued by firemen with ladders.

The firemen prevented the flames from spreading to other buildings, but could not save the hotel.

Several thrilling rescues were reported, among them that of two children from a blazing room.

The scantily clad guests were cared for in surrounding houses.

RESIDENT HARDING, on vacation in Florida, is shown arriving at the St. Augustine, (Fla.) golf links, attired in white flannel trousers and Panama hat. After having enjoyed several games, the president boarded the houseboat of a friend (shown in inset) and cruised southward toward Daytona, Fla., for a combination boating and golfing trip.

Tornado Death Toll Totals 24

NEW ORLEANS, La., March 15.—(By the Associated Press)—The death toll from a series of tornadoes and cyclones that struck various points in Louisiana, Mississippi, Arkansas and Oklahoma Monday and early yesterday stood today at twenty-four. At least 99 persons were injured and property damage estimated at several hundred thousand dollars.

A summary of the havoc completed today was as follows:

Gowen, Oklahoma, ten dead; 24 injured; property damage, \$100,000.

Sulphur, Oklahoma, 3 dead; 30 injured; fifty buildings demolished; two hundred homeless.

Sumner, Louisiana, four dead; 20 injured; property damage, \$50,000.

Farming settlements in Jefferson and Lenoir counties, Arkansas, six dead; 13 injured; property damage, \$50,000.

Arkansas City, Ark., one dead; score of houses destroyed.

Corinth, Mississippi, 12 injured; 150 homes destroyed.

FRAUD CHARGED IN AFFAIRS OF RUBBER FIRM

COLUMBUS, O., March 15.—(By the Associated Press)—The state securities department today turned over to Attorney General Price the results of an investigation into the affairs of the Tuscara Rubber Co., of Dover, Ohio, to ascertain whether criminal prosecutions can be made for violation of the Ohio blue sky law.

The report turned over to the attorney general was made by J. H. Collins, of Cincinnati, and Peter Albeitz, Columbus, investigators for the securities department. It makes specific findings against O. M. Dickenson, of Dover, former president of the Tuscara Company, and E. M. Blatz, of Cleveland, a former official of the company.

The two are charged by the securities department with illegally issuing \$125,000 of stock, which violates that specific section of the blue sky law, providing against "false statement of facts in the matter of certification," and constitutes a felony, it was said at the securities department.

The issue, according to Albeitz, was divided among Blatz and Dickenson and five other officers of the company, who also may be held accountable.

Further investigation of the administration of the Tuscara Rubber Co. affairs may turn up more names, Albeitz declared.

Albeitz's findings show that Blatz and Dickenson each received \$25,000 in the stock. The rest was divided among the other five.

J. H. Bunkett, Bedford, \$25,000; J. M. M. Potter, Columbus, \$25,000; W. C. Owen, Cleveland, \$25,000; W. L. Croese, Cleveland, \$22,500; and O. C. Blanchet, \$500.

No charges, so far, have been made against the above five men. Most of the securities department's attention has been centered on Blatz and Dickenson, and the certification.

The Tuscara Rubber Co. was organized in 1918, and books of the company show that more than \$1,000,000 of stock has been sold, according to the investigators. A check was conducted at Canal Dover, but operations have been suspended for months, for lack of funds.

Many Prisoners Taken JOHANNESBURG, March 15.—(By the Associated Press)—Advices from Johannesburg, dated late yesterday, report that government infantry was then clearing the streets after the capture of the town from the rebels. Many prisoners had been taken, an dthe remainder were retiring on the Langlaagte river.

Student Victim Of Auto Jump Shows Improvement KALAMAZOO, MICH., March 15.—(By the Associated Press)—A slight improvement was reported today in the condition of Miss Emmeline Kivakernick, a Western State Normal school student, whose skull was fractured when she jumped from an automobile driven by John D. Dodge, of Detroit, early Sunday morning.

Dodge will be arraigned in municipal court next Tuesday on charges of driving an automobile while intoxicated and with possession, transporting and furnishing intoxicating liquor.

Lady White Slain By Burglar LONDON, March 15.—(By the Associated Press)—Lady Alice White, who was found unconscious in her room in a London hotel, yesterday morning, died this morning at 3:00 o'clock. A burglar is believed to have inflicted the fatal injury, a fracture of the skull.

Descendant Of Horny Plated Glyptodon Probably Seen Swimming In Lake

BUENOS AIRES, March 15.—(By the Associated Press)—It was not a plesiosaurus that was seen swimming in an Andean lake recently, but probably a descendant either of the horny plated glyptodon, or of the megatherium, in the opinion of Professor Onelli, director of the Buenos Aires zoo.

"Plesiosaurus is a pseudonym, the newspapers have given it and which has stuck," he said. "but I believe it is a huge animal of the edentate family of which ancient remains, not fossil, mark you, were found in Patagonia in 1897, and one of which was fired upon and hit by the explorer, Ramon Lista, in 1890, without hurting it."

He explained that, while the plesiosaurus dated back ten million years, the edentates such as the glyptodon and megatherium belonged to the quaternary era of only a million years ago. He said that from 1890 to the present time there had been twelve places in Patagonia between latitudes 35 and 52, at which mysterious creatures were reported to have been seen. These he believes constitute a few survivors of the genus which existed in the pleistocene period.

Professor Onelli said he had been obliged to postpone the start of the expedition for another week, as a total of 7,000 pesos was needed, of which 3,000 were yet lacking.

The glyptodon was a creature resembling the armadillo and which attained the size of an ox. It had strong limbs, with short, broad feet.

The megatherium was a gigantic, sloth-like edentate, from 18 to 20 feet in length. It had a short neck, heavy body and powerful hind legs. With its strong, prehensile tongue it tore from trees and shrubs the leaves and twigs upon which it subsisted.

Gray Discovers Columbia River

THE following is a synopsis of a 1200-word story "graphically illustrated by a noted artist, which will appear in next Sunday's Sun and Times as another of the series stories 'Backtrailing On The Old Frontiers,' which have been making a decided hit.

Captain Robert Gray discovered the mouth of Columbia river in 1792—on this discovery the United States based its claim to what was known as the Oregon territory, now comprising the states of Washington, Oregon, Idaho and parts of Montana and Wyoming. Captain Gray had the further distinction of being the first man to carry the Stars and Stripes around the world.

HARD COAL OPERATORS AND MINERS MEET TO DISCUSS WAGE PACTS

NEW YORK, March 15.—(By the Associated Press)—Anthracite miners and operators were prepared today to begin negotiations for a new wage agreement to take the place of the two year contract which expires at the end of this month. A large number of operators arrived to participate in the first joint conference this afternoon. A majority of the representatives of the miners comprising the scale committee have been in the city several days conferring, the last to arrive being President John L. Lewis, of the international organization of the United Mine Workers.

The nineteen demands of the miners, formulated at their convention in Shamokin, Pa., in January and ratified by the international convention at Indianapolis last month, are to be formally presented to the coal operators and explained in detail by officers of the union. The operators are expected to immediately take them under consideration and make a statement Friday.

Asking For Raise The miners are asking for a twenty per cent increase in contract rates, among other things, while the mine owners are on record as favoring a decrease below the present working basis.

It is not expected that an agreement will be reached before the end of the month, and in that event the scale committee of the hard coal workers is under instructions of the Shamokin convention to order a suspension of mining until a satisfactory agreement is in sight. A referendum on the question of suspension was not taken in the anthracite divide, the action of the convention having expressed wishes of the men.

Put And Take Cycle Bandit

CLEVELAND, O., March 15.—(By the Associated Press)—A motorcyclist, who robs on the run by the "put and take" method, is the latest thing in police complaints here. Mrs. Pauline Watson reported to police today that while riding on a street car last night a motorcyclist drove alongside the car, put his hand through the open window, took the fur neck piece from her shoulder and escaped.

McAdoo Scores Partisan Spirit Of Administration

LOS ANGELES, CAL., March 15.—(By the Associated Press)—What he termed the "intolerant, partisan basis on which our government functions," was deprecated today in his first speech delivered here by William J. McAdoo, former secretary of the treasury and director general of railroads, since he came to Los Angeles to make his home.

In a speech before the City Club he declared all matters taken before congress or other legislative bodies were settled upon political basis, often much to the detriment of the purpose.

"What we should have in the United States," he said, "is a large body of intelligent citizens who are not affiliated with any party, and who could hold the balance of power. Such citizens would be Americans first, and their check on the big parties would be most valuable."

Six Jurors In Arbuckle Case

SAN FRANCISCO, March 15.—(By the Associated Press)—With six jurors accepted temporarily, attorneys for state and defense today resumed their efforts to fill the remaining six seats in the jury box for the third trial of Roscoe C. (Fatty) Arbuckle, on a manslaughter charge, growing out of the death of Miss Virginia Rappe, film actress.

Indications that the defense was preparing to attack the credibility of some of the state's witnesses were given in questions by defense counsel as to the weight prospective jurors would give testimony offered by witnesses whose "truth, honesty and integrity," had been assailed.

Exports Show Decline

WASHINGTON, D. C., March 15.—(By the Associated Press)—American exports for February amounted to \$251,000,000, as compared with \$278,872,350 for January, and imports last month were valued at \$217,000,000, as compared with imports of \$217,195,195 the previous month, according to the foreign trade survey issued today by the department of commerce.

Mrs. Obenchain Cries Softly

LOS ANGELES, CAL., March 15.—(By the Associated Press)—Another day of argument today was closed at the court where the trial of Mrs. Madeline Obenchain for the murder of her sweetheart, J. Bolton Kennedy, is drawing to a close.

Mrs. Obenchain cried softly yesterday when Mr. MacDonald addressed the jury, declaring the state's theory that she was a "woman scorned," had been disproved.

Style Show Brilliant Despite Rain On The First Night

Portsmouth Stores Showing Bewildering Display Of The Latest Fashions; Big Crowd Expected To Be Out Tonight

Enter a new season—and enter a thousand new styles to charm the heart of woman and the eye of man. Life becomes a thing of gaiety and color; red, the color of roses, blushes (but not unseemly) on a midnight blue frock, or that of shiny lacquered black; periwinkle blue proves its right to Spring leadership, and dandelion, alias the buttercup, sheds a soft and lovely light. The exquisite beauty of the stores in their best dress makes a setting for the new things that intensify their attractiveness and the joy of the beholder. Portsmouth retail stores are the places and now is the time to see Fashion's newest masterpieces in their best. This week is the right time, for it is Spring Dress-Up Week or Spring Style Show Week with local merchants.

The grand opening of Dress-Up Week tonight, despite the rain, refused to let up for a minute. Notwithstanding the rain many loved the elements to inspect the beautiful window displays and the live model shows. Walter Davidson's costume orchestra played a number of selections in the business section. The rain kept them from parading as they had planned, but they played while carried about the streets in a covered auto truck.

Spring Dress-Up Week inaugurated with the opening will continue until Saturday night. Shoppers are urged to come to the city this week to glimpse the newest styles. Now is the time specified when the old is to be laid aside and the new put on.

Expect Crowd Tonight
Tonight's weather permitting a bigger crowd is expected to throng the business section. The window displays will be in all week and those who did not get out last night on account of the rain are sure to come out one night this week to make an inspection.

Two stores, Klines and the Fashion, were crowded last night when Kline's model showed the latest in Paris and New York. The models were Misses Marie Scheller, Virginia Drowne, Catherine Welch, Margaret Mackey, Martha Mackey, Agnes Taylor, Edna Wallace, and Mrs. Luez Frowline. Music was furnished by Journey's seven piece orchestra.

At the Fashion, Manager William Atlas also had a living model show that was well arranged in the center of the store. This business place was also crowded with women eager to view the latest designs that Fashion has created.

A wonderful variety of gowns, suits and wraps were shown by the following models, Misses Beatrice Atkinson, Mary Able, Ruth Stenshorn, Helen Bradbury, Lulu Evans, Frances McLean, Gladys McLean and Mae Sanders.

A feature that won the admiration of all present was a bridal costume the bride being governed by a maid of honor, carried in pink tulle, while each carried beautiful bouquets of orchids and lilies of the valley and the other of roses, which with the flowers that adorned the room, were furnished by Dr. H. Oakes. Music for the evening was by the Niverty Sextette.

Stores Dressed Up
Besides the special exhibits in all the Portsmouth windows the interiors of the stores boast of displays that are larger and better than ever. New stock direct from the Eastern markets are fresh from their wrappings and make most pleasing exhibits—and they are all most attractively arranged to please the eye of shoppers who are seeking that which is new.

Spring with her type and towns of fashion comes in this year with some delightful fancies and colors of Oriental inspiration and does not lose her charm with plain though smart styles. Ever since 1917, Fashion has been deluged with blacks and browns worn low and high but care seems to be forgotten in the gay costumes of spring this year. Pinks and blues and jade and other sunlit colors are creeping to the front of Fashion's stage and from all predictions will remain there for several summers to come.

So much for lady's part of the new styles. When Dame Fashion comes forth with her advanced styles, not only do the women of the entire country quicken their zeal to keep pace with the late styles set for the particular season, but likewise, the stores for men made delicious plans for this week. The last word in men's apparel is also on display in Portsmouth.

Going back to women's wear we find that new shades and different materials from those last season are more conspicuous among the many garments and yard goods shown. The brighter the color, the more fashionable. Black is passe this spring. You say blue in the navy is always good. Yes, navy blue is always worn but this year it is enlivened with bits of some bright color, such as coral, coral or orange or applique which adds much to the attractiveness of the gown. Among the most predominant colors which are on display are jade, dandelion, corvise, red, brown, lime, tange, tangerine, flame and white combinations.

Evening Gowns Near Floor
Evening gowns have quite near the floor, in distinct contrast to those of the out-going season. One with a slip fashioned of gold tissue was overdraped with blue chiffon which was embroidered with blue and gold. A panel train was used. Silk crapes and satins are both popular for summer afternoon frocks. A charming dance frock of gray tulle and satin with the same shade is being displayed. The newest gown is very popular with large or small sleeves used. Many charming ways of draping are used adding originality to the costume. The long waist-line must be bloused to be really smart. Skirts are designed with panels either straight or draped. A number of the

skirts are trimmed at the bottom

Gingham is again exceedingly popular, designs in both large and small patterns being smart. A green and white check is very attractive, also blue and white, white and yellow, buff and white, checked peppermint red and white gingham, combined with plain white. All sorts of old trimmings are predominant. Dinner dresses are straight and puffed, simplicity of line marking these. Very little trimming is used.

Street frocks have long waistlines with short sleeves and untrimmed necklines, one model is of beige gabardine with distinguishable double pockets and double cuffs. Periwinkle blue, lined and trimmed with white makes a very attractive street costume. It may be made with long panel front forming a giraffe. The collar and slightly flaring sleeves may be embroidered in blue and white.

Mildred's suit this year may be a short coat with wide sleeves that reach to the elbow and a plain skirt reaching near the ankle. Or it may be a box effect coat with long tight sleeves, every line being straight. Again it may be made of gray twill

with coat reaching to about the knee, line and closed with lapped buttons at the waist. It may be hand trimmed and present a very tailored effect.

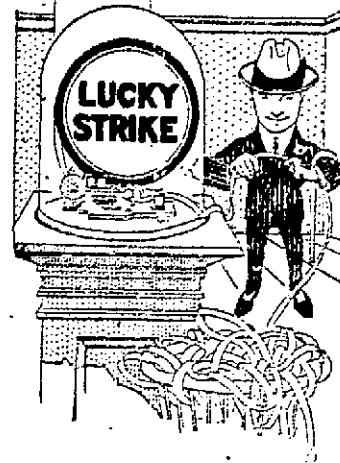

Evening wraps are wonderful with their flowing sleeves and long draped collar.

Sports clothes! They seem to be most prominent. Sports dresses, sports skirts, sports hats, sweaters and shoes. They all go to make up the wardrobe of the modern young lady of today. Ripe-colored twill fashioned with box coat and trimmed in bright colored embroidery are displayed plentifully. An exceedingly mannish sports coat is one of dark tan perline built on comfortable lines.

The dress combination is the smartest version of the sports costume. The dresses are made on simple lines trimmed with embroidery. The cape is made of the same material and trimmed generally, the same as the dress. Tweeds and homespuns are used in sports clothes. White flannel may be utilized for a pretty sport skirt with a bright colored sweater with it.

Beautiful Lingerie Also
Mildred's love for pretty underthings may be satisfied in displays of beautiful lingerie.

A visit to the millinery departments will reveal an immense variety of gay colored bonnets which would please the most fastidious. The hat, woman's crowning glory, is the frame in which is set the picture of her face, and should be chosen to offset the face to the best advantage. There are hats of all sizes, ones that turn straight back from the face, drooping hats and many others in bewildering assortment. Ornaments of various sizes and colors will be used to trim them. Heads are very chic. One of the newest versions of head trimming is a posette and fringe of aluminum beads. These are in gay

Colors. Wooden heads are very attractive and lend themselves admirably to the sports hats. Feathers are also much in evidence.

Footwear must be considered. Displays of footwear tell us that the shoe most in vogue is the patent leather, either in pump or oxford. The low-heeled pump has but one strap. The Spanish heeled one has three straps. Buckles and cut designs are clever. Colors will include cream, color, brown, red combined with black or white.

Hosiery will take on a new mode this season judging from the display in the various stores. Chiffon hose will be worn both on the street and for evening wear. The vogue for light gray will still persist but it's thought that beige and flesh color will be used just as much. Navy colored hose are as popular as formerly. Checks also remain popular and will appear on almost all kinds of hose—the narrow openwork cloth for the sheer hose and for the sports hose, checks embroidered in contrasting colors.

Neckwear for this spring shows a wider variety than heretofore. Dainty pique sets and lace vesters of flit and Irish compose a vast display. Vests are shown in all their crispness and midday should avail herself of the lovely assortment.

Gloves are attractive this season in kid and various other materials and colors to correspond with the suit.

And The Yard Goods

Yard goods are rich in abundance this season. Some of the different materials expected to be most popular are: woaden, navy, cream, a popular tan chambray, white chambray cloth, organic in all the bright colors, white crepe, georgette. Just about every color in the rainbow is represented in the following wide variety of selections:

Blues: Navy, marine, esquis, coral, coralflower, Venice, Peasant, Ciel, King's blue, azure, peacock, bannings and Saratoga.

Tans and browns: Beach, sparrow, ginger, Japanese, Seminole, pinecone, lark, bobolink, rust and copper.

Reds: Fuschia, Mohawk, coral, canna, flame, tiger lily, hollyhock, wallflower, rosemary and poinsettia.

Greens: Golf, meadowbrook, cyprus, seafair, Concord, magnonette and jade.

Yellow: Mimosa, pumpkin and to-paz.

Grays: Cinderella, cobweb and seagull.

Miscellaneous: Wood violet, cherub and periwinkle.

For The Children

Even the youngest may have Paris Easter clothes.

It will be a pleasure for the mothers to go shopping for the children's wardrobe. Children's frocks and suits of every line are shown, black is also used to a large extent in children's clothing. The styles are quite like those of the grown-ups. Little sister may have a party frock closely resembling that of the older sister. In all probability it will be sleeveless and perhaps have openwork at the shoulder seams. The play dress is fastidious of gingham or pique with bloomers. Simplicity is the keynote.

Baby's department presents a veritable fairland. For where is the person who does not revel in the displays of tiny garments, toys and all the other dainty little things in the baby department. The little hand-made garments are the most popular and are made of much finer material than has been used before. Their delicate leaves the lasting impression for the embroidery are exquisite, lace and drawn work are much in evidence. Organdy forms the material for the cunning little capes for babies and are trimmed with lace, pin tucks and feather stitching. Organdy is also favored for the bonnets.

For The Men

The haberdasheries for the men are showing something in which every man may well be interested. Prices are going back to the pre-war basis and with it the renewed popularity of the silk shirt. White silk shirts seem to be the most popular, or course the colored stripes are good but the white will meet with a wider popularity. The materials include baby broadcloths and jersey knits. The tendency is toward the pin stripes and small stripes and an air of refinement is shown in the pattern. Fibre silks will continue to be popular but perhaps not so much as formerly. Madras in excellent quality has replaced, to a large extent, the fibre silk. The shirt that will, in all probability, be worn most is the one with the collar attached. This season various styles of collars will be worn. The two-button band shirt will be seen frequently. Flannel shirts will also be worn by the well-dressed man.

Among the most popular brands of ties will be the silk grenadines made along neck lines and to fit the smooth collar. Hosiery will not change much. Good silks with novel coloring will be worn extensively. During the very early part of the season, however, cassimeres, camel hair and worsted will predominate. This season there will be worn more hose of the corbion shade as oxfords of that shade are to be very popular. Gloves, both in style and color will be practically the same as in former years. Arabian, moose, suede, buck and chambray will furnish the variety.

Suit Styles For Men

Modification in suit styles for men is brought to the attention this year. Perhaps there will be some "freak" styles but the tendency this season is to be more conventional in suit styles. However, one innovation is the four button sack or semi-fitted coat. The lapel of this model is narrower than last season and the top button is made useful instead of ornamental. There is very little padding used in the front of the coat, thus allowing the garment to adapt itself to the wearer. Trousers, for the most part will be about three inches narrower at the ankle than at the knee although there may be a few models which will retain the same

fullness at the bottom as at the knee. The single and double breasted styles will continue to be popular. No flare appears in the 1922 coat, but they will be fairly long. Belted styles are shown as well as those with half and three quarter belts. Patch and plain pockets are the style this season, giving the crescent shaped pocket the back seat.

Checks, shepherd plaids, herring-bones in blue, brown and gray stripes and overplaids will have a strong following.

Plaids in various colors will be popular as always for spring and summer. For the most part the colors will include blue, green, purple, myrtle, brown, tan, pin stripes and pencil stripes.

Dress Up Week

When one thinks of Dress-Up Week some are prone to think only of dressing up the bodies but that is not the entire meaning to be conveyed by those who inaugurated this splendid occasion. The homes must come in for their share of dressing up, too. Perhaps one housewife would like to have new draperies all over the house or new rugs or perhaps she would like to make her porch more cozy with the addition of a few willow rockers, swing or stand with a lamp thereon. Color is predominant in house furnishings as well as in lady's wardrobe. Coral tulle makes very pretty drapes for a bedroom. The furniture may be a soft shade of gray with twin beds on which would be beautiful colored spreads. A lamp with a bright harmanizing shade would add to the attractiveness of the room.

The home of today represents charm and it should be a place where one's friends enjoy being entertained, colorful, yet restful and artistic.

Perhaps kitchen work will be made lighter with the addition of electrical appliances. Housework will not seem such a drudge if an electric sweepers is brought into play. Among the modern electric conveniences are the fireless cooker, the toaster, the clothes-washer, the sewing machine. Handsome silverware enhances the beauty of the dining table and buffet. The jewelry store windows contain many useful and beautiful pieces of silver in unique shapes and designs. Silverware seems to predominate over cut glass. However both are in excellent taste.

Trade Your Old Furniture for New

TRADE it for new, but still keep the old. Thousands of people have done it, and are doing it every day.

They do it by doing over their old furniture with Vernicol varnish stain.

Vernicol comes in a can. Is quickly and easily applied with a brush. Made in all the popular finishes, one of which is sure to meet your fancy.

It stains and varnishes with each stroke of the brush. Makes old discarded furniture look like new. Anybody can do it.

No matter whether you prefer mahogany, walnut or oak, there is a Vernicol stain for each. And because it has such long-lastingness it's fine for floors.

Come in and see the sample panels and ask for interesting literature.

"Sentimental Tommy"
with **GARETH HUGHES**,
MABEL TALLIAFERRO
and **MAY MCAVOY**

Every dawn was to Tommy a rose-colored glory. Every day, a golden adventure. For in his world of dreams he thought himself a knight of olden times, and treated even the painted lady of Thrums like a queen. And the lovely little lass who called this "woman mother" and wanted so hard to be respectable — imagine that she thought of Tommy. If you would call your old dreams back again, see on the screen this story that has thrilled a million hearts.

Canal Boosters Given Scare

WASHINGTON, Mar. 14.—Advocates of other proposed canal routes connecting the Ohio river and Lake Erie had quite a scare thrown into them today when the report of the subcommittee of the House Appropriations Committee specified that \$75,000 additional appropriated for completion of surveys of the canal routes should be used in a survey of the Miami and Erie Canal from Cincinnati and Toledo.

Congressman John G. Cooper, of Youngstown, acting in behalf of those interested in the Pittsburgh-Ashtabula route, and Congressman Charles C. Keenan of Ashtabula, representing the persons behind the Portsmouth-Sandusky project, were quick to note the omission of the two other routes, and obtained a correction to the report which stipulated that the additional money should be used in making surveys of the "Lake Erie and Ohio River canal projects."

FAITHFUL "SHEP" SPENDS MUCH TIME AT THE GRAVE OF HIS MASTER

"Shep," a shepherd dog owned by the late Roy Jones of Adams county, near going to the dog, the dog remains there while the parents of the young man attend church.

Roy Jones was 18 years of age when he died of typhoid fever about a year ago. The boy had no playmates and he had learned to love "Shep," a constant companion.

He was a son of Mr. and Mrs. S. Jones. Mr. Jones is now custodian of the Scrub Ridge church.

near garden, and each Sunday the dog accompanies the father on his trip toward the church, but when they pass the cemetery the dog deserts him and goes to the side of the grave of his former master and remains there until Mr. Jones starts homeward.

The attention of many persons has been called to the dog by Mr. Jones, who investigated to see where the dog was going after he had left him several Sundays in succession when they passed the cemetery. Mr. Jones has refused large sums for the dog.

Glen Ellison To Sing At High School Auditorium March 20th

One of the musical treats of the season will be accorded the residents of Portsmouth on March 20th, when Glen Ellison, the famous baritone, and Alta Hill, pianist, come to the High School Auditorium for a concert.

Mr. Ellison has sung principal baritone roles in Grand Opera in England and Australia. His career in musical comedy is a long one in both countries also. His reputation has grown to be an international one, and it is well deserved, for Glen Ellison puts a good cheer, an evidence of inward happiness into his songs that makes him irresistible.

Just listening to him and watching him is enough to make your troubles slip from your shoulders and vanish away. Mr. Ellison has the rare knack of putting his joyous personality into his songs, and it is this very ability that has made him one of the most popular singers we have.

The music lovers of Portsmouth are fortunate in having this chance to hear the famous baritone in some of his best songs. Rice Bros. have a few tickets of admittance which will be issued in order of application.

The Lights of a Great City

Suddenly a black thunder-shower rolls up over the city. Although it is mid-afternoon, lights are switched on in thousands of offices and homes until the towering city looks like an illuminated honeycomb. In many great cities huge Exide Storage Batteries in the central power stations are called on to supply current through the emergency. So powerful are these batteries, weighing hundreds of tons, that they can supply millions of candlepower. Nearly all the central station batteries in America are Exides.

Exide Batteries are used in scores of ways—to supply the current for the vast network of telephone systems; to light trains; operate switches and fire alarms; to propel mine locomotives and trucks.

When you need a new battery for starting and lighting your automobile, the nearest service station can supply you with an Exide whose rugged power will add to your satisfaction in motoring and whose long life will prove a true economy.

OHIO MAY REACH 50 FEET HERE

Is Rising At Rate Of Four Inches Per Hour; Towpath Will Be Submerged This Evening

CINCINNATI, O., March 15.—W. C. Devereaux, local weather forecaster, predicted today that the Ohio river at Cincinnati, which began rising rapidly last night, would not go above 52 feet on the present rise. He expects that stage to be reached tonight. The condition at Cincinnati, Devereaux said, is purely local, being due to waters pouring out of the Licking, the Big and Little Miami rivers. It is reported that very little damage resulted from the sudden boom in the small streams. The passing of the rainy spell and cooler weather has put an end to fear of serious losses, river men said.

At 2 o'clock this afternoon the Ohio river here registered 42.5 and was rising a little less than four inches an hour. At 7 o'clock this morning it registered 40.3.

The towpath leading to the West Side from the city will not be submerged until the river reached a stage of almost 46 feet. At the present rate of rise the towpath will not be submerged until late this evening.

The pumping stations in the city are in good shape. Service Director Gargens said today and are ready for any emergency.

According to local River Observer Fred B. Winter and Captain Kimble of the local wharf boat where the Ohio river is expected to reach a stage of at least 50 feet here. Captain Kimble is of the opinion that the river will reach the 52 foot mark as the Scioto river is running out strong.

The morning report of Weather Forecaster Devereaux showed a large amount of rainfall at most of the points above here. The rainfall in the last 24 hours has been as follows: Pittsburgh 4.2; Zanesville on the Muskingum, 1.2; Parkersburg, 2.0; Charleston, 5.2; Ft. Meigs, 1.7; Huntington 1.84; Ashland 2.44.

At Huntington the flood stage is 50 feet and the seven o'clock report from there this morning showed a stage of 34 feet. Ashland with a flood stage of 50 feet reported 38 feet at the morning reading.

The rainfall in the Scioto Valley was very heavy Tuesday. Columbus, Chillicothe, Waverly and Piketon all report heavy rainfall.

At Piketon this afternoon a rise of 16 feet was reported from six o'clock this morning until one o'clock this afternoon. The stage in the Scioto there was 19 feet and 4 inches with a steady rise of about 4 inches per hour.

The high water of the Scioto covered the Prairie road between Waverly and Piketon last night and today it was far under water. This made it impossible for the big bus to make its trips between here and Chillicothe. The high water in the Scioto also cut off Jasper from Piketon at six o'clock this morning.

The road from Lucasville to the West Side was under water this afternoon, the water starting over the road about noon.

Weather Observer Alexander of Columbus this afternoon sent The Times the following telegram relative to the condition of the Scioto river and the rainfall through Central and Southern Ohio:

COLUMBUS, OHIO, March 15.—As a result of heavy rains in Southern Ohio, during the past thirty-six

DEAL MEANS ERECTION OF MANY NEW HOMES

Are Weak Kidneys Making You Feel Older Than You Should?

Many Folks Are Older At 40 Than Others Are At 60. All Too Often Sick Kidneys Are To Blame

ARE you one of those unfortunate folks who find yourself feeling older and slower than you should? Do you get up mornings feeling lame and stiff; drag around day after day with a constantly aching back? Evening find you utterly worn out—fit only for bed? Do you wonder why you are beginning to feel so old—why you find it so impossible to be happy and to get from life the fun you used to have?

Then you should give some attention to your kidneys! Present day life, with its hurry and worry is mighty hard on the

kidneys. The kidneys weaken, uric poisons fill the blood and upset the whole system. That's why so many folks feel years older than they really are. And all too often the true cause is overlooked until the trouble becomes chronic.

Don't neglect these early symptoms! Realize that it's just this condition that leads to hardened arteries, rheumatism, gravel, dropsy and Bright's disease. Use Doan's Kidney Pills and give your weakened kidneys the help they need. Doan's have helped thousands and should help you. Ask your neighbor!

"Use Doan's," Say These Portsmouth Folks;

J. J. Sweeney, prop., barber shop, 1506 Gallia street, says: "I suffered from sharp, shooting pains through the small of my back and when I stooped I could hardly rise again. I had a terrible stiffness across my back mornings and I was dizzy, black specks seemed to dart before my eyes. My kidneys were irregular in action and the secretions caused a burning sensation. Friends recommended Doan's Kidney Pills so I got some at Friend's Pharmacy. After using several boxes I was cured."

Mrs. Geo. Elberfeld, 620-8th St., says: "My back and kidneys gave me considerable trouble. When I stooped I was taken with sharp piercing pains through my back and it almost took my breath. Mornings I was tired and lame and could not stoop my back hurt so. Doan's Kidney Pills from the Red Cross Drug Store made my back feel as good as ever."

Bank Of Beaver Case Being Tried In Waverly Court

Waverly, O., March 15.—The case of the State of Ohio vs. W. N. Ferguson, charged with issuing fraudulent certificates of deposit thereby contributing to the failure of the Bank of Beaver, began in Common Pleas Court here yesterday before Judge J. G. Hill. The defense at once made motions for a continuance of the case and for a change of venue. Both motions were overruled by the court and the work of empaneling a jury began. The regular panel of gentlemen was exhausted and the sheriff called men in from the street some of whom were challenged when they stated that they had formed an opinion as to the guilt or innocence of the defendant.

A jury was finally found acceptable to both sides. Attorneys then made their opening statement to the jury, after which court was adjourned till nine o'clock today. While spread interest is manifested in this case which promises to be lengthy and bitterly fought. Many witnesses have been subpoenaed, including prominent bankers from all over the state. John and Waldo Russell, convicted bankers of the defunct Bank of Waverly, and now serving indeterminate sentences in the State Prison Farm at London, have been subpoenaed by the defense. The prosecution is represented by Prosecutor Levi B.

Dear Dolly—Will you please tell me how to count in a tennis game?
A DEVOTEE.
The first two points count 15 each. The third point counts 30, making the score 40. After scoring 40 a player must make two successive points to win. The first point made after the 40 is scored is called 40. Should both have 15 or 30 the score is called 15 all or 30 all. When both have 40 the score is called deuce. Should one score an add and the opposing player score the next point, the score returns to deuce. No score is called love—that is after the first point is scored. It is called 15 love or after the second point 30 love.

Winford, Ohio—Dear Dolly—Can a man vote at the primaries if he will be 21 before the November election? I will be 21 a few days after the primaries, and want to know if I will be counted out of my vote this fall.

Dear Dolly—I'm coming to you for advice. I want to learn to hemstitch, but don't know just how to do it. Where can I go to learn, and does one have to have a regular hemstitching machine, or can they use just an attachment? Can a girl make a living at that alone?
INDUSTRIOUS.

Dear Dolly—Please tell me what to do with my ferns. They have little worms in them that seem to work on the roots of them. What can I use on them to kill the worms.
LOVER OF FLOWERS.
Make a weak solution of lime water and soak the earth about the roots every other day with this. It will kill worms and eggs and not injure the roots. In fact lime is a good fertilizer and corrects the acidity of the soil. A few applications should be sufficient to rid the soil of the worms. Do not let the fine touch the leaves of the fern as it will leave a whitish stain upon them. Water the earth with it. It might be a good idea to repot your plants once in awhile.

IN WONDER—Call up the pastor of the church you inquired about and he will give the information asked for, or send me your name and address and I will mail it to you. Kentucky boys will not share in the Ohio bonus, but they will get their share of the one congress is wrangling over, if it ever goes through, and also come in for the Kentucky bonus if the state ever decides to do anything for their soldiers.

Dear Dolly—Our French friend "Omlala" seems greatly interested in occupying space in your column. Now, Dolly, what I want to know is, why doesn't Frenchy tell us something that we don't know? Does he think that it takes a Frenchman to tell American things? Does he think that we are blind and notice nothing? Frenchy, when it comes to observing things, a Yankee is a complete observer in himself. We know that some of our girls indulge too heavily in cosmetics. We know that some of

our girls aren't quite what they ought to be, and that they could be better if they only wanted to. We know that there is good and otherwise in all things. But what are we going to do about it? Kick? Sure! And have the kick returned? Oh, yes! But, Frenchy, if you have a plan to make this a better, cleaner city, just let us know. We will show you how Yankees can carry out plans—but don't expect results if your plan isn't possible. We have failed, so let's see what a Frenchman can do. And, another thing, Frenchy. If you walk down street and a girl winks at you, what do you do—ignore her, or stop and get acquainted? Most likely you do the latter, and then "raise cane" about what awful dirty our American girls are. We know that you are not an angel, Frenchy, or it would have been in the "Things Seen in Portsmouth" column, but we don't care for that. If you have a plan for putting "pauze" factories out of commission—let us have it. And, Frenchy, where do those (sometimes stockings) styles come from?
DARLETHA.

A large birthday cake mounted with seventeen candles for Miss Pyles and two each for Mr. Reider and Mr. Skelton graced the center of the table. Places were marked for Mr. and Mrs. John Skelton and son Thomas, Mr. and Mrs. Reider and daughter, Hannah, Misses Emma and Thelma Pyles, Miss Arthur, Merl Horn, Eva Riggs, Mrs. Lucy Harold and son Howard, Homer Callahan, C. W. Powers and J. S. Cooke.

Keep your blouses fresh and new, says Max Held—wash them this way

Gentlemen:

Once in a while a blouse is returned to us as unsatisfactory. We are sure of the material we use in making our blouses and we are sure of our workman-blouse gets after it is in the hands of the owner.

If women would wash their blouses with Lux, 90 per cent of our complaints would disappear.

Frayed, pulled threads do not always mean a poor quality of silk, but a blouse that has been rubbed to get it clean. The thick Lux lather makes rubbing unnecessary.

The other day a crepe de Chine blouse was returned to us which had "gone" under the arm. The owner had put away the blouse which was badly soiled with perspiration. The perspiration acids had eaten the silk, and a harsh soap and rubbing completed the destruction. If that blouse had been washed with Lux as soon as it was soiled, we would not have had the complaint.

For our own protection, we recommend the use of Lux in washing silks.

Very truly yours,

Adventures Of The Twins

BY OLIVE ROBERTS BARTON

The red feather pen had jumped out of his pocket and was clinging to a large red horseshoe.

THE Electric Mountain lay before the Twins, one of the Seven Mountains they had to cross to get to the Kingdom of the Diddys.

Sparks were flying from its tangles of cross-cross wires, snipping and snapping and snarling and jumping, until the mountain looked like a million angry cats, or a hundred trolley cars off the track.

"Ooooh," shivered Nancy. "It's awful, Nick."

"Oh, come on," urged Nick, con- siderably.

"We've got on rubber shoes, and Mr. Pim Pim says we can't get hurt."

So they started up. The sparks jumped at them and snapped at them and flashed at them, but the Twins never felt a thing. It was true that their goggles made them perfectly safe, and they knew better than to touch anything with their hands.

Near the top the sparks became so furious and fast that you'd certainly have thought a giant had set off a million Fourth-of-July sparkers at once!

But Nancy and Nick walked through them as bravely as lions. At last they reached the top, and looked down on the other side.

"Oh, look, Nick!" pointed Nancy. "It's all lovely down there. No more ugly wires or sparks or anything. Just green grass and lovely flowers everywhere. I've a notion to gather a bouquet to take to Princess Therna!"

But Nick wasn't listening. He had suddenly missed something. The red feather pen had jumped out of his pocket and was clinging to a large red horseshoe with steel ends, like the tiny ones you buy at the toy store for a nickel. You see the feather was out of a wing of the furious falcon that guarded the gate of King India's Palace, and it was steel.

Nick held out his hand, forgetting Pim Pim's warning. And as his fingers closed around the steel feather they struck, too. He was held fast.

WOMAN DRINKS POISON

Mrs. Edna Grace Scamhorn, 43, wife of Alfred Scamhorn, of 115 Thirteenth street, is in a serious condition in Hempstead Hospital, the result of drinking the contents of a one ounce bottle filled with carbolic acid at 11:45 this morning. She had carried her husband's dinner to him at the reliable Engine Co., just north of the city hospital, and then entered a pleasant chat with him, according to his story this afternoon. Shortly after she left the plant he says he heard a peculiar noise and turning around to see where it came from, he saw his wife toss a bottle into the air and then sink to the ground. He lost no time in reaching his wife's side and upon detecting the odor of the poison, he realized he was at a place where he had taken place.

Without waiting to call an ambulance or to get other assistance, Scamhorn picked up his wife in his arms and carried her to Hempstead Hospital, about 200 yards away. Upon his arrival there he was fortunate enough to find Drs. J. W. Fitch and Dr. W. A. Quinn present. They saw that Mrs. Scamhorn's condition was very serious, as she was unconscious and apparently had drunk a full ounce of the fiery fluid, drank a full ounce of the fiery fluid. The attending physicians administered strong emetics to which the victim responded and they state she has a fighting chance to recover. She had not regained consciousness this

afternoon, however. Scamhorn told a Times man that his wife had been addicted to moody spells since she suffered a nervous breakdown four years ago. He said she was in her usual frame of mind this morning when he left home and that his children say she was in good spirits when she left them to take his dinner. We chatted pleasantly at the reliable plant and my wife seemed in better spirits than usual, Scamhorn said.

AT PRESS TIME

SPRINGFIELD, ILL., March 15.—(By the Associated Press)—Disapproval of the appointment of a governmental commission to effect a settlement of the threatened coal strike April 1, was expressed in a telegram sent Secretary of Labor Davis by President Frank Farrington, of the Illinois mine workers, at noon today.

ROME, March 15.—(By the Associated Press)—Official announcement was made from the Vatican today that Pope Pius had extended to fifteen days the interval to elapse between the death of a pope and the session of the sacred college to elect his successor.

DUBLIN, March 15.—(By the Associated Press)—Eamon De Valera issued a manifesto today launching a new Irish organization, the objects of which are to obtain international recognition of the Irish republic and repudiation of the proposed agreement with Great Britain.

HOUSTON, TEXAS, March 15.—(By the Associated Press)—Senator E. J. Cox, noted widely for his oil and airplane ventures, was indicted by the federal grand jury at noon today on fourteen counts, charging use of the mails to defraud in connection with sale of stock in three companies, whose capitalization aggregates \$41,000,000.

"WHAT'S THE MATTER WITH ME?"

Thousands Who Ask That Question Will Be Interested in This Answer

Human flesh is heir to many ailments, but aside from the acute and the contagious diseases, most people become sickly from neglect. They have indigestion and do nothing for it. They get nervous and often sleep poorly and do nothing to cure themselves. From these and other causes they gradually lose strength and vitality and feel tired much of the time and often "blue" and despondent. If you feel below par take Guide's Lepito-Mangan and let it restore your strength and vitality and overcome that weakness by building up your blood to the right richness and redness. Then you will feel fine and vigorous again, and have plenty of "pep." For thirty years Guide's Lepito-Mangan has been the doctor's favorite tonic for run-down people. Sold in both liquid and tablet form by all druggists. Advertisement.

The monthly meeting of Miss Lucy Scott's class of the First Evangelical Sunday school was held last evening at the home of Mrs. Frank Putzke, with nineteen members present. The usual business was transacted, followed by the social hour, after which refreshments were served.

Mr. and Mrs. W. E. Cook and Mrs. Edmund Gill and daughter, Maxine, left for a vacation from a several weeks' visit with Mrs. H. Merrier of Hyde Park, Cincinnati.

Members of the Home League will enjoy a winter picnic next Thursday afternoon, March 23rd at the Mary Louise on Gallia street. A fine musical program in charge of Mrs. J. M. Stockham will be rendered in connection with the picnic. The hostesses for the afternoon will be Mrs. T. M. Patterson, Mrs. Albert Pressler, Mrs. C. W. Wendelken, Mrs. J. E. Taylor, Mrs. J. H. Pick, Mrs. James Williams and Mrs. Fred Baker. Those who expect to attend are asked to notify one of the committee not later than next Tuesday.

Mrs. H. E. Cunningham of Hutchins street left this afternoon for Columbus to visit her brother, Mr. F. R. Ambrose, and niece, Miss Gladys Brunner.

Mrs. Rebecca Glick has returned from a visit with her son and daughter-in-law, Mr. and Mrs. William Glick in Logan, W. Va.

The Woman's Missionary Society of the First Baptist church will meet tomorrow afternoon at two o'clock at the home of Mrs. Eugene Gower, 1312 Gallia street, instead of at the home of Mrs. J. A. Johnson, as previously announced. The change was made on account of sickness in the Johnson family.

Today's Columbus Journal contained an excellent picture of Miss Mary Taylor, daughter of Mr. and Mrs. J. E. Taylor, of Rose Ridge, who was one of four members of the Ohio State University, sent to Bloomington, Indiana, to represent the college chapter where an chapter of the society is being installed.

In spite of the disagreeable weather yesterday afternoon, forty members attended the meeting of the Women's Missionary Society of the First Baptist church held at the home of Mrs. G. W. Edwards, Officers street. The assistant hostesses for the afternoon were: William Haggerty, Mrs. W. Tipton, Mrs. R. C. Holtzner and Mrs. M. Robe.

As the afternoon had been designated as "Africa Study Day" the talks given by various members dealt with that country, and included many very interesting accounts of the missions being accomplished by the missionaries in that particular field. Those giving five minute talks were: Mrs. Mary Lemon, Mrs. J. D. Thomas, Mrs. Archie Haight, Mrs. Charles Brooks and Mrs. Oscar Robinson.

Mrs. Karl Hill delighted the members with several vocal selections, ably rendered, and the program was concluded with the singing of a hymn. A social hour and light refreshments were enjoyed at the close of the afternoon's business and program.

WITH THE SICK

Mrs. Fred Steady, who has been seriously ill with neuritis at her home on Eleventh street, is slightly improved.

Thomas McGraw, of Stout, Adams county, was in the city Tuesday for an X-ray examination at Fowler's laboratory.

Mr. and Mrs. W. E. Cook and Mrs. Edmund Gill and daughter, Maxine, left for a vacation from a several weeks' visit with Mrs. H. Merrier of Hyde Park, Cincinnati.

RUN DOWN BY OWN MACHINE

M. J. Williams, aged 45, a well known steelworker, who resides at 2330 Eighth street was seriously injured Wednesday morning when he was run down by his own Maxwell machine at his home. He suffered the fracture of three ribs on his right side, his collarbone was fractured and he was injured internally. At Mercy Hospital it was stated this afternoon that while Williams' injuries were considered serious he would recover.

When he started to drive his automobile away from his home this

morning it would not start and when he tried to crank it, the machine, which had been left in gear started and before Williams could get out of its path he was knocked down and run over. The machine did not stop until it plowed its way through a barbed wire fence and then careened into the side of his home. The car was considerably damaged.

When members of the family heard the crash they rushed out only to find Williams pinned under his own machine. They hurriedly

summoned help and the car was lifted off Williams, who had a close call from being crushed to death. He never lost consciousness and assured members of his family that he would recover and for them not to worry. He was taken to Mercy Hospital where his injuries were looked after by Dr. O. R. Mickelthwait.

Williams stated that when he saw he would have to use his crank to start the car he had no idea it was in gear. He is employed in the open hearth department of the Whitaker Glasser plant.

Fordson Owners Attend Demonstration

More than fifty farmers were in attendance at the general information meeting on Fordson tractors held today at the Universal Motor Company's big garage. Ninth and Chillicothe streets.

The demonstration included lectures on the Fordson and farm implements used with it and moving pictures showing the use of the tractor

and various farm implements. The moving pictures showed the manufacture of a Fordson tractor at Dearborn, Mich., and how each part was made and finally assembled.

The pictures also show the many uses of the tractor. E. A. Boggs, assistant manager of the Cincinnati district was in charge of the demon-

stration. He makes a talk on the Fordson tractor. Gus Frienz, special mechanic from the Fordson factory, talks on the care of the machine while C. W. Davis of the Oliver Plow Company at South Bend, Ind., talks on farm implements used with the tractor. J. G. Desviller, road manager from the Ford works is also with the party.

"Hooked"

The writer was recently called to a home where the parties wanted him to sell their property and after making a careful survey of the premises asked the owner their price, and was told that they wanted too much for this property. When informed that we could not handle the property at such a price as they were about \$1000 too high, they remarked "Oh, we can't take less than that for it we paid that much for the property and in addition to that we bought direct from the owner and saved that commission. The writer laughed, yes you saved a little money commission but that "buy direct from the owner" "hooked" you for just \$1000.00 which if you had purchased from some reliable real estate man, one who knows something of the value of property that would have never occurred.

It is needless to say we didn't take that property. But we have known of several instances of this kind. It is indeed unfortunate for one who has made such a mistake. The same experience may happen by dealing with a "sup-

posed to be" dealer or what is generally called a "curb stone dealer."

In selecting a Real Estate Man with which to do business, take one who apparently is "successful", one that other people seem to "trust", one who is "permanently" located and who makes it their life work.

One who has been in business for some time and knows the comparative value of property.

Don't Take
A Chance

Did you ever stop to think? When buying property from an irresponsible person or direct from the owner--

That, there may be a second mortgage, the property.

That, there may be a second mortgage. That, there may be delinquent taxes or street assessments due.

That, there may be a court judgment against some original owner.

You may be the innocent victim, "after it is too late."

"Don't take a chance."

We look after all such matters without any cost.

500 Homes
Are Wanted

W. W. Bauer Co., a local Real Estate firm with offices in the First National Bank building is greatly in need of more property. With the resumption of business and the coming of spring, the demand for property is getting to be very great. People who buy and will buy very quickly this spring. If their prices are reasonable, we want you to carefully understand that we are not in business and will positively not use our efforts to make some people a lot of money, at the expense of some honest home buyer. We want the business of the honest person.

We insure the following against fire--
Dwelling Property.
Household Furniture.
Mercantile Stock.
Mercantile Buildings.
Farm Property.
Automobiles.
Against Fire, Theft, Property Damage, Liability, Collision, Trip Transit, Insurance.

GALLIA STREET

We predict that property on Gallia street between Waller and Chillicothe street, will double in price within the next five years. Yes, you say the writer must own property on that street. Sure we do and we believe the above statement or we would have never bought on that thoroughfare. Then, you say, what do you want to sell for? We don't particularly want to sell, but would if we can realize the market price today for what we have. When you are in business, you'll sell anything you happen to have.

What Are The Advantages Of Buying From A Reliable Real Estate Firm?

First--You are protected from paying an exorbitant price for your property.

Second--We are better able to finance the transaction. Building and Loans will grant better loans to people who are recommended by some reliable business man.

Third--The title of the property is always examined so that there are no some unpaid mortgages or second mortgages, court judgments, mechanics' lien, back taxes, etc., on the property.

Do into others as you would that they should do unto you, (I believe I have quoted this correct.)

It has always been the policy of this firm to follow the Golden Rule in doing business. We love to see the purchaser get his "money's worth" in buying a home.

WATCH US GROW

In 1907 with only one Insurance Company and no business, we undertook to handle fire insurance in connection with the Real Estate business.

Today we represent the following Insurance Companies and are sending them a volume of business.

Viz:--

Buckeye National Fire Insurance Co.
Commonwealth Ins. Co., of New York
Colonial Fire Ins. Co., of Hartford Conn.
Central National Fire Ins. Co., of Iowa
Cincinnati Underwriters Ins. Co., of Ohio.
Fire and Marine Underwriters of Hartford.
Granite State Fire Ins. Co.
Home Fire & Marine Ins. Co.
Mutual Fire Insurance Co.
New Zealand Insurance Co.
Ocean Accident and Guarantee Corp.
Superior Fire Insurance Co.
Security Fire Insurance Co.
The Buckeye Union Mutual Ins. Co.
Union Assurance Society, Limited.
The Mutual Plate Glass Insurance Co.
With this list of companies we are prepared to write any kind of insurance.

KEY:--Say Did did you know that our fire insurance runs out tomorrow? FATHER:--(A merchant) Yes, so sorry, and the Fire Department runs out to night, too.

Say Crossing Is
In Wretched Shape

Autoists who go through Sciotoville are making loud complaint to the Portsmouth Automobile Club about the condition of the underground crossing in the west end of Sciotoville. The stretch of unimproved road is very short and the attention of City Council will be called to the need of improvement at once. This bad stretch of road is being used more than ever since Winchester avenue is torn up by workmen putting down water mains.

Was Barnum Right?

Old P. T. Barnum the celebrated showman once made the statement that "the public liked to be fooled." We do not like to take issue with Barnum, for he undoubtedly was a successful showman. And yet, we can not believe that the public likes to be fooled when purchasing a piano or player-piano. Nor can we be made to believe that people will pay their hard earned cash for a "Scrap Wrapper" piano or player-piano KNOWINGLY. We do know for a fact however, that a number of these premium soap wrapper pianos and player-pianos have been sold, right here in Portsmouth as strictly high grade instruments, at ridiculously high prices.

Prove it yourself, Mr. Purchaser! If you are thinking of purchasing a piano or player-piano, it will pay you well to investigate. If you do not know the names of these instruments, we will gladly tell you. Our advice costs you nothing and may save you many dollars, besides the humiliation you will feel, should you unfortunately be talked into buying one. Come in and let us talk it over. MORRIS HARVEY COLLEGE FIVE AGAIN BOW TO SUPERIORITY OF THE CLASSY SELECTS

Visitors Defeated In Well Played Game At High School

With a 29 to 19 victory over the Morris Harvey College five of Huntington, the Daemen Selects closed their home schedule last evening by playing one of their best games of the season. The game was witnessed by a good sized crowd despite the hard downpour and everyone who viewed the elements certainly received their money's worth in real basketball for the visitors presented a strong lineup and one that gave the Selects considerable worry.

The only incident that marred the contest was the injury of Doll, forward, on the Selects five. He suffered a badly wrenched shoulder and it may keep him out of the championship contest at Indianapolis later in the week.

The Morris Harvey College five came up to all expectations. The team was heavy and greatly outweighed the Selects who made up the difference in speed. Edwards and Doll were always slipping away from their larger opponent and the slippery methods of the local forwards kept the visitors carried every minute of play for every time the ball fell into the hands of Doll or Edwards any place on the floor it meant an attempt at a basket.

The visitors started scoring from the jump off and before the Selects got under way or settled. Sayre and Lantz of Morris Harvey scored the first points and then Edwards came through with a field basket making matters more interesting. The score was 6 to 0 before the Selects started adding more more frequently. From there the score moved to 12 to 0 with Edwards shooting three baskets, all long shots. One shot was from under the opposing team's basket. Captain Bauman and Doll came through with buckets and made the score 16 to 6. This ended the scoring for the Selects but the col-

Yes, Greb Has Arrived

(W. P. M.)
Yes, Harry Greb proved himself a very clever and resourceful fighter. Undaunted by the fact that he fought a larger and more powerful man he sailed into Tommy Gibbons with a viciousness that is strictly Greb's own invention. He convinced 14,000 Gothamistic fans that in the arena game he was no bloomer, no hot house plant seeking glory by toppling over second and third rates. He went after Gibbons from bell-to-bell and the Pittsburgh piece of fighting machinery by his flashy work certainly tossed a monkey wrench into Gibbons' pugilistic aspirations.

Greb showed that he is one of the most dangerous men in the ring today. Of course he is not in Dempsey's class, but he is getting bigger and stronger and may some day be able to take on Champion Jack. If that day ever arrives, Greb will be heard from. He is a fighter, a two-handed scrapper with aggressiveness and tenacity. Ask Tommy Gibbons.

Friday: N. and W. vs. Standard Supply at Parish House.
Saturday: Seventy Six vs. Underwoods at Parish House at 1:30.

The Barrroughs moved back into second place when they met the crippled N. and W. and took all three. With two of their star players out of the game, they put up a hard fight, carrying the first game to "game ball—game ball," and led up to 17 in the second game. But it was a case of "too much Wells." He was half the team, both in killing and fielding up, and in the second game made a run of 5 and served out. Hyland was on the job at killing while Gemmill starred at field work. Gemmill was the star for the N. and W., making them up with those bulky arms of his, if they came within ten feet of him, and he killed them in a way that was terrific. Hunter also killed them hard.

COURT HOUSE

Given Another Whirl
The appeal case of Walter R. Knapp, former Selby superintendent, now located in Syracuse, N. Y., against E. W. Smith, former sheriff, for specific performance of contract in connection with a deal involving the sale of the plaintiff's property in Kluwer Lane in November 1920, was heard by Court of Appeals in session at the Court House, Wednesday.

The case was submitted on the record taken in the court below supplemented by additional evidence adduced at the hearing today.

Attorney A. Z. Blair for Knapp claimed that his client was entitled to have the written contract enforced under which Smith agrees to buy the property in question for \$10,000 while the defense contended that the purchase was conditioned on Walter W. Bauer, real estate agent, selling the defendant's property on Hutchins street.

On the trial of the case below Judge Thomas finding was in favor of Knapp. Attorney D. F. Kimble for Smith.

Suit In Foreclosure
Suit to recover money claimed to be due under a loan of 2000 advanced on real estate and to foreclose a mortgage given to secure payment was brought in Common Pleas court Wednesday by The Portsmouth Savings and Loan Co. against Mary V. Day and others. The property involved is situated in New Boston. The suit was filed through Attorney Mark Crawford.

Back To Chilly
Harry B. Grace, official reporter for the Appellate court, which closed its March term here Wednesday, returned to his home in Chillicothe this afternoon.

Appellate Court Adjourns
Court of Appeals finished the hearing of the docket for the March term Wednesday morning and Judge Edwin D. Sayre, William H. Middleton and Roscoe J. Mauck left this afternoon for their homes to spend the weekend.

The court will be in session next week in Waverly, Jackson and McArthur and the first week in April goes to Cleveland to hold court for several days.

Land Case Submitted
The case of Cora Carmichael and others and Croighton Cook and others was submitted to the Court of appeals Wednesday morning on the record of the trial in the lower court supplemented by additional evidence.

Title to a farm situated on the West Side is involved in the suit on the trial of which in the Common Pleas court Judge Thomas' finding was in favor of the Cook. Attorneys George W. Sheppard and Harry W. Miller for plaintiffs and Attorney E. G. Miller for defendants.

Left Big Estate
An inventory and appraisal of the estate of the late Harriet H. Sessler, deceased, filed in probate court Wednesday shows assets with an appraised value of \$196,818.75 of which \$151,217.00 is represented by personal goods by the schedule and \$45,601.75 by real estate, besides \$31.53 in moneys.

The appraisers were E. B. M. Corson, Frank W. Moulton and G. H. Williamson. Charles D. Sessler, son of decedent, is administrator of the estate.

Adkins Released
Burns Adkins, Third street young man, who was fined and sent to jail from probate court some time ago under a charge of non-support, was released from custody on an order from County Auditor Roy Churn upon the payment of the costs in the case.

Man Accused Of Brutal Deed Arrested

John Clark, 19, who is accused of brutally beating Samuel Wilson with intent to rob him, on Mill street, on the night of March 9, was apprehended by Vanceburg officers Wednesday, the police were advised in a message received today.

Officer Richard left on an afternoon C. & O. train for Vanceburg to return the prisoner to this city to meet a charge of highway robbery.

The preliminary hearing of Mrs. Ella Davis, who, the police claim conspired with Clark to commit the crime, which was to have been held this afternoon, was continued until Thursday at the request of Attorney Horace L. Small, after learning of Clark's arrest.

According to the police, the woman lured Wilson to Mill street one night last week and from the darkness Clark suddenly appeared and attacked the victim when he refused to give up his money and showed fight. Wilson was terribly beaten about the head by some instrument believed to have been a revolver.

TAFT HITS AT BIG ATHLETIC EVENTS

WASHINGTON, D. C., March 15.—(By The Associated Press)—Chief Justice Taft, speaking at a meeting last night of the Yale Alumni Association, of which he is honorary president, said he believed the growth of big collegiate athletic exhibitions was militating against the intellectual life of the institutions and should be curtailed. Athletic exhibitions in the form of great public contests, he said, were not helping the educational purposes for which the institutions were founded.

GOVERNMENT UP TO DATE

IN Collier's Weekly of March 18th there appeared an editorial that particularly appealed to us and so we are passing it on to those of our readers who do not happen to be readers of Collier's. It follows:

ONE COUNTY—FIVE HUNDRED OFFICIALS

"This sounds as though, Ed Howe of Atchison, Kansas, had written it himself, but in his 'Monthly' he credits it to a 'country paper'."

"A special car of the State Health Board, in charge of a richly gowned and jeweled young woman, came to town not long ago, and mothers were commanded to hurry to the depot and take instructions as to how to raise their babies."

"Then came a government nurse, another unmarried woman, weighing the babies and instructing the mothers as to the sort of infants they must give birth to hereafter. And now farmers are notified that they must pay a specialist from one of our higher institutions of learning to tell them how to feed hogs."

"It is safe to say that there are in this county today 500 officials, national, state, county, township, city, and district, telling the people what they must do and what they can't do; spying into their homes, their private accounts, their methods of life, laying down the law as to what they shall eat, drink, wear, buy, or spend; making them recount all family diseases, tell the inspecting nurse where they sleep and why married or why single; ordering you to show up your bank account, your debts, your toothbrush, and a record of the number of days your child has attended school last month. Men and women and children are restrained, assessed, directed, advised, prohibited, admonished, examined, until they are about ready to do as the common people did in England 700 years ago: run into caves and rudely chafe on the outer walls: 'No money; no religion.'"

"There is more of the same in Ed Howe's paper; but this is enough to show what one philosopher thinks about government expressing itself through more officials than one hard-pressed county can bear."

MAKING IT PLAIN TO EUROPE

SECRETARY HUGHES' reply to the invitation to the Genoa conference bluntly declining our participation because it promises to be a political rather than a economic conference is further notice to Europe that the American aid in the rehabilitation of Europe which they have been seeking is to be obtained only upon the basis terms announced from Washington, namely the readjustment of German reparations upon a practical basis and the balancing of European budgets through an abandonment of militarist policies.

The United States is not to be drawn into a European political conference for the promotion of European ambitions. But if Europe will give up its political and strategic schemes and call a conference to consider merely business like plans for the restoration of normalcy in Europe, America will be ready to listen. This should be plain enough to be understood by the most self-deceived statesman across the ocean.

At the same time, it is made clear that European schemes for the exploitation of Russia, whether in concert with Germany or without, must take into consideration the fact that America intends to demand equal opportunity in Moscow. This has special interest for the sponsors of a Russian consortium being hatched in Paris and may be welcomed in Russia, where the Moscow government is announcing its determination not to be exploited as a conquered country.

Incidentally, the reply to the invitation to Genoa, in its renewed pledge against American entanglement in European politics, may not be without effect in the senate discussion of the Pacific pact. After that is ratified, Washington may be able to consider economic conference with Europe in a freer atmosphere.

VICTORY NOTES EXTENSION

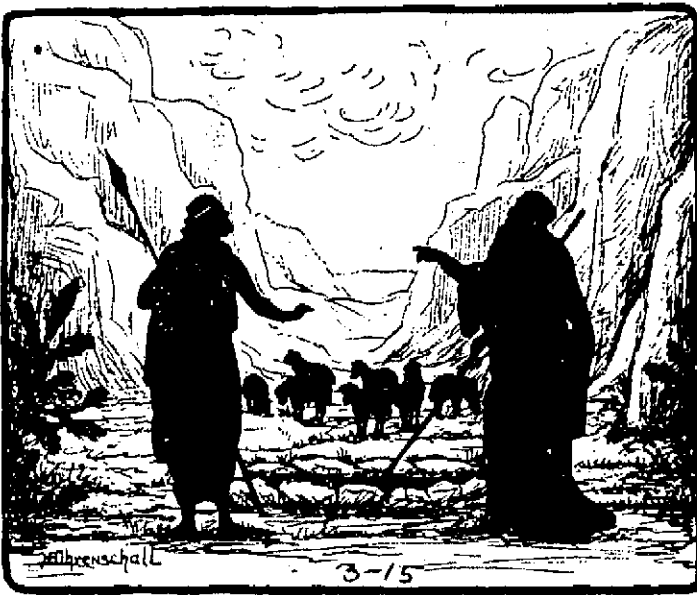

A unique feature of the offering of new treasury notes, is that subscriptions to the four-year issues are payable exclusively in Victory Liberty 4 3/4 per cent notes. The latter were the last of our great war loans, issued on May 20, 1919, and the amount of the original subscriptions was just under \$3,400,000,000. This amount has since been cut down by purchases for the sinking fund and in other ways. Their maturity date is May 20, 1923, but a provision in the contract gave the government the right to redeem them on May 15 or December 15, 1922. The provision was intended to give the treasury any benefit of a favorable change in investment conditions by which the notes could be refunded at a lower rate of interest.

By the terms of the new offering just announced it is evident that the treasury does not anticipate any radical change in investment conditions over the ensuing four years and therefore it virtually extends the loan to 1926 at the same rate of interest paid when it was originally issued in 1919. The strength of the market for the outstanding Victory 4 3/4's, which this week advanced to a new high price was probably on buying by investors who feel that between now and March 15, 1926, a 4 3/4 per cent United States obligation will appear much more attractive than at any time in the past four years, and therefore they are acquiring a supply of Victories which they expect to tender in payment of subscriptions to the new treasury obligations.

Meanwhile Secretary Mellon is putting the treasury in easier position by substituting a note which will have a life of four years for one which must be paid off in 1923 at the latest. While no interest is saved on this newest financing, the present 4 3/4 per cent rate compares with 5 3/4 paid on issue of three year notes last June and 5 1/2 per cent on the issue of last September.

THE BIBLE IN PICTURES AND TEXT

By HELEN E. OHRENSCHALL

THE COVENANT.

ABRAHAM was in the land of the king of the Philistines. The king saw God was good to Abraham. He asked Abraham not to harm him and his people. Abraham promised, but reproved the king because of a well of water which he said, the king's servants had taken from him. The king knew nothing of this. Then Abraham took seven lambs and told the king he might have them to make him remember that he, Abraham, had digged the well. They made a covenant to be friends with each other. Abraham called this place Beersheba.

New York-Day-By-Day

BY O. O. MCINTYRE

NEW YORK, March 15.—The antique shops! One finds them everywhere—east side, west side, all around the town. Ghostly spots in the busy marts—piled high with dusty wraiths of the past. Wherever a dingy building begins to sag an antique shop is certain to bloom. Antique shops—run by antiquaries! Old, sallow men with crinkled skin like a raisin and skull caps sitting alone among the cheerless junk, morosely preoccupied. They never try for a sale. Rarely do they rise. Even the crestfallen fancies diffuse a self-apology.

Youth and life seem so far, far away. The rumble and clatter of the street sound like a sacrilege. When the customer asks the price, there is always a hesitation—a coining apostasy, as if it were a profanation to speak in terms of sordid gold.

They live constantly in the gloom, silently brooding and staring into the dim corners. Around any corner is one who the neighbors say has not touched his foot to the sidewalk outside in 12 years. At night a feeble light from an oil lamp glows in the thickening dusk for a short time—then pitch darkness.

Of course, there are the flossy antique dealers on the avenue. An entirely different breed. Their places are in marble magnificence and brick suburban wait upon the trade.

There is a block of old antique shops on Houston street, and all the dealers might have been cast by the same mold. They do not mingle, nor do they seek to coax business away from each other. They merely sit and wait while the dusty old grandfathers check tick off the minutes.

In their little darkened theatres they appear to be tragically and

cruelly out of things and so they look out upon the life that has left them hopelessly in the dark. They represent a glittering metropolis run down, at the heel.

A sudden puff of violence has sent the police clubbers out on the trail of the "rats" as the gangsters are known at headquarters. The Strong Arm Squad is being revived after being banished by the late Mayor Gaynor. The gangster fears the club more than iron bars.

The sidewalk groups on the East Side are not being broken up with a "Move on boys," but by plain clothes men who suddenly appear out of nowhere and cuff the gangsters into gutter star gazers without warning.

Primed with drugs, these weak-faced youths are terrorizing druggists and jewelers. In a "stake up" this other day in which a druggist was brutally slain the youngest of the gang was 16 and the oldest 22. They all have their girls to whom they deliver their loot and with which they tour the cheap dance halls.

A certain moving picture star and his actress wife have been reported by the gossip weeklies as being ready to sever their marital ties. The talk evidently got on their nerves for last week they gave a dinner party to intimate friends. Under each plate was a printed card which read:

"This is to celebrate the sixth anniversary of our wedding. We expect to be married much longer—despite the gossip." And so there was a jollification and wine flowed freely. Later they all went to a supper club and at dawn the husband and wife had a jealous quarrel and she went to a friend's home in a huff and they haven't seen each other since.

Elbe Martin

"Elbe Martin is gone!" I find out that there's a heap of differences between speak carriers and letter carriers. I said Manager Crow, of Melodion Hall, Ohio. Miss Elbe Martin is almost as much gone as a long distance swimmer.

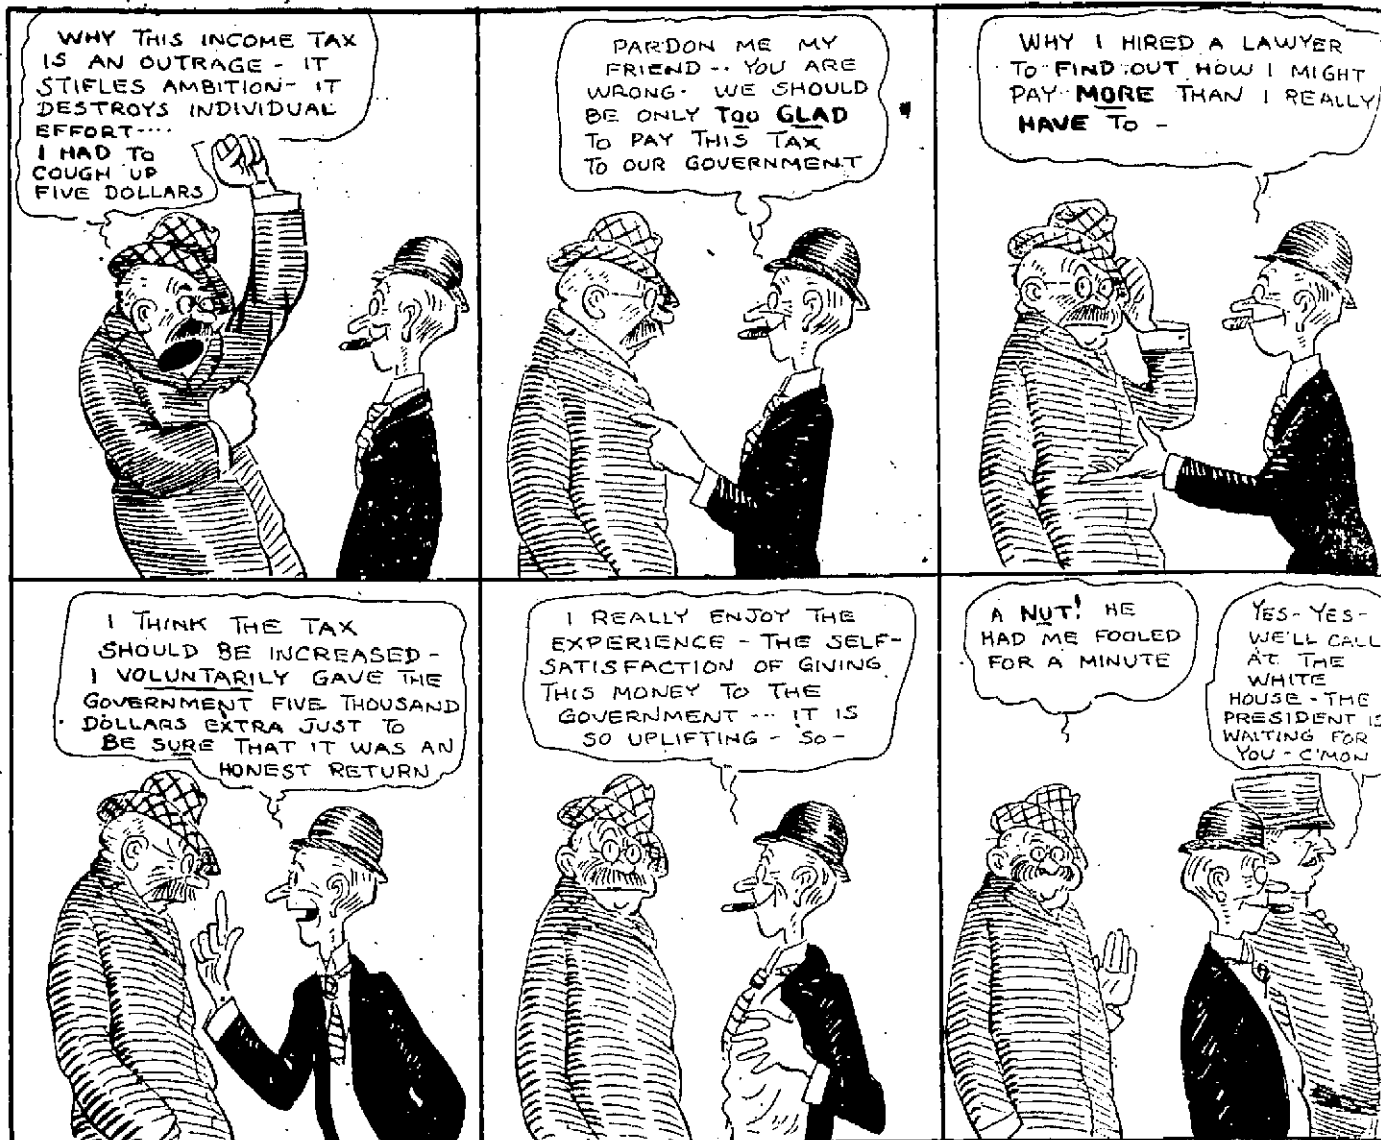

Before Disarmament
The edifying tale of little George Washington and the cherry tree had been related by a fond mother to her offspring with the hope that he might gain inspiration for a better life, but he remained unmoved.
"Don't you see the lesson, Billy?" she asked. "George could not tell a lie. He told the truth even though his father stood there with a cane in his hand."
"Huh!" said Billy. "That's nothing. George had the hatchet, didn't he?"

Well Informed
"Grace is very versatile."
"Yes. She knows the business of all her friends." From Judge.

His Character
"What kind of a man is Brown?"
"Well, if someone would offer him a position as wine taster for the government, he'd want to know what the salary was." Wayside Tales.

OH MAN—BY BRIGGS

A March Ballad

The silver fall of gentle rain
That wakes each tender sleeping thing.

The glees of plowman down the lane.
The flutter of an untired wing;
Birds, happy birds, that soar and sing
To sweet brook-music, clear and clear:
Because they herald dawning Spring
All these in March winds do I hear.

The whisper of new leaves; the train
From snugs and pothooks bustling—
The barefoot angler's blithe refrain,
Home-fearing with a goodly string;
The rush of wizard waves that fling
Their sprays far up the sunny pier,
Where new-born vigor we shall bring—
All these in March winds do I hear.

Cicadas piping in the grain;
Of bending boughs the rhythmic swing
And tidbits at Summer's wane
Proclaiming Frost, dark-visaged King;
Then ripe nuts downward pattering
And ghostly flight of leaves grown sere
That can't aloft no longer cling—
All these in March winds do I hear.

A voice long hushed, whose accents ring
Through every season of the year,
Death truly robbing of its sting—
This, too, in March winds do I hear:

—Edward W. Barnard.

Jolted

"I'd like to go to a funeral this afternoon, sir," said the office boy.
"Oh, you would, would you?" the chief heartlessly replied. "Well, you won't!"
"No, sir; I know I won't," the boy murmured resignedly. "But I would like to all the same."
Something fragile and appealing in the youthful voice led the chief to ask: "Whence funeral?"
"Yours, sir," said the boy.

Not Only Sunday

At two years old Billy thinks more than he talks, and when he does speak it is to the point. A visitor had asked the little fellow several questions and received no replies. At last the grown-up said ingratiatingly: "Would you tell me your name? I think it must be Billy Sunday."
Billy pondered and at last replied slowly and firmly: "No, I isn't Billy Sunday. I's Billy everyday."

Proof Enuf

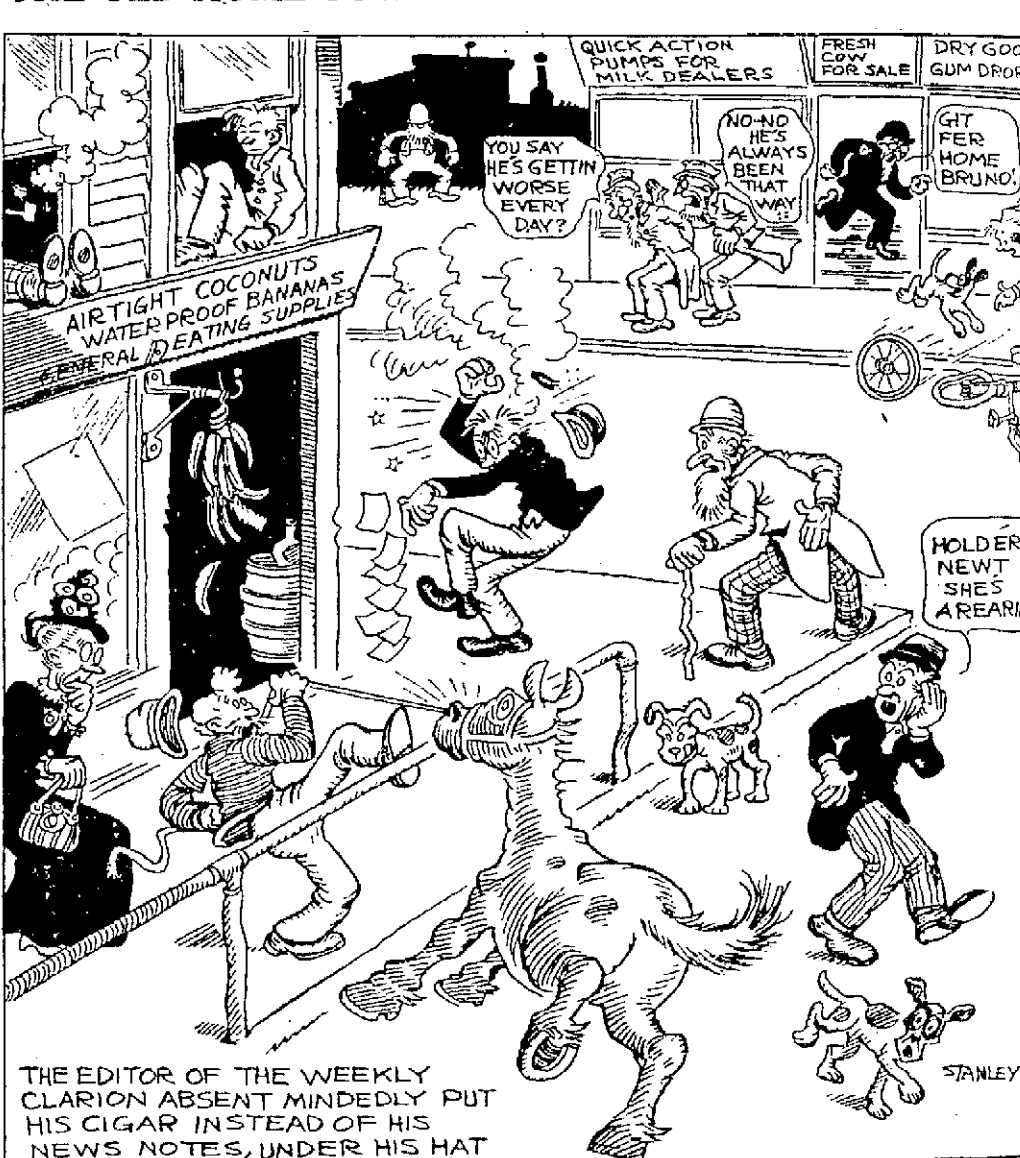

"He's crazy, yer honor. I found him down on the main street trying to crack a nut."
"Why, that doesn't prove him crazy."
"But there was no nut there, yer honor."

The Opposite Sex

She: But Jack, are you sure you love me for what I am?
He: Yes, dear.
She: Would you love me if I were penniless?
He: Then you would not be what you are. —Wayside Tales.

THE OLD HOME TOWN

BY STANLEY

On Time

"Why, where's the tick?" exclaimed Mrs. Lerrel, when she received her husband's Christmas present, a noiseless clock.
"Oh," merrily replied Lerrel, "that's what I bought it on."

Wives Are Different

"Mrs. Jimson suspects that her husband thinks more of his stenographer than he does of her."
"Perhaps he does. He can dictate to his stenographer," From Judge.

No Need To Worry

"Conductor, here's a dollar bill. Sorry I haven't a nickel."
"Don't worry, old man, you'll soon have nineteen."

Murderers' Row

Miss Highbrow: "I do not approve of promiscuous osculation."
S. Long: "You said it, dearie. There's nothing like bawling your hits."
